<b>Objective</b>	Seeking a challenging role in the data science field to apply my skills in extracting valuable insights from complex datasets, developing predictive models, and contributing to data-driven decision-making.
<b>Education</b>	<b>Deogiri Institute of Engineering &amp; Management Studies, Aurangabad, MH</b> B-Tech in Computer Science & Engineering (Artificial Intelligence & Machine Learning) [ 2021 – Pursuing (2024) ]
<b>Project</b>	<ol style="list-style-type: none"><li>1. Gender Detection using Human Speech</li><li>2. Age Detection using Video, Photo &amp; Live Data</li><li>3. Keywords Detection from Zoom Meeting or any Video</li><li>4. Suggest Songs by Analyzing Facial Expression</li><li>5. Big Mart Sales Prediction &amp; Analysis</li></ol>
<b>Hackathons</b>	<ol style="list-style-type: none"><li>1. Amazon Machine Learning</li><li>2. Kaggle Store Sales Time Series Prediction</li><li>3. Kaggle LLM Science Exam</li></ol>
<b>Research Paper</b>	The Compatibility Gap Between the Steps of Single Minute Exchange of Die & Activities of Ambulance Response Time
<b>Skills</b>	Python, C, Machine Learning, Deep Learning, Natural Language Processing, Computer Vision, Data Analytics, SQL, Artificial Intelligence
<b>Experience</b>	<ol style="list-style-type: none"><li>1. iNeuron ( 21 September 2023 – Pursuing ) Project Based: Plants, crops recognizer</li><li>2. TECHNOHACK EDUTECH ( 24 June 2023 - 31 July 2023 ) Data Science Intern</li><li>3. LET'S GROW MORE ( 1 June 2023 - 30 June 2023 ) Data Science Intern</li><li>4. NITTSD ( National Institute for Technical Training &amp; Skill Development ) AI Intern ( 1 May 2023 - 30 May 2023 )</li></ol>
<b>Activities</b>	<ul style="list-style-type: none"><li>• Ardubotics Robotics Workshop (Organized By IIT, BHU )@ O.P.Jindal University,Raigarh, Chattisgarh</li><li>• IOT Workshop (Organized By MITU Skillologies )@ DIEMS, Aurangabad, Maharashtra</li></ul>
